

WaveOne® Gold Glider

Surf the canal with confidence

WaveOne® Gold offers you the simplicity of a one-file shaping system combined with higher flexibility* to respect the canal anatomy. Now available with a corresponding glide path file to optimize your shaping preparation. Experience the feeling of confidence throughout your treatment.

For the ease of a complete system check out the corresponding WaveOne® Gold paper points, gutta-percha points and obturators.

WaveOne® Gold Glider

Optimize your shaping preparation with a single reciprocating glide path file that is part of the WaveOne® Gold solution.

- Respects the natural shape of the canal
- Increases patient safety with enhanced flexibility and resistance to cyclic fatigue*
- Sterile and ready for single use, which preserves cutting efficiency, reduces breakage and prevents cross contamination

The WaveOne® Gold Glider is only for use in reciprocating motion with compatible Dentsply Sirona motors. Helpful pre-programmed motor settings are available.

This new single glide path file has been designed in collaboration with a team of endodontist experts: Dr. E. Berrutti, Dr. G. Cantatore, Dr. A. Castellucci, Dr. S. Kuttler, Dr. W. Pertot, Dr. C. Ruddle, Dr. J. Webber, Dr. J. West.
